## Strait home hit by two burglars

One man has been arrested and another is sought in connection with the March 23 burglary and robbery by firearms of the John H. Strait residence one mile south of Hondo.

Mrs. John Strait, coming home about 11:30 a.m., noticed a strange automobile in her garage. Thinking it may be her son, who has a similar car, she entered the house. On entering she confronted two men carrying her color TV toward the garage. One of the men produced a pistol and pointed it at her. The other said that if she did as she was told, she would not be harmed.

She was taken to the bathroom

at the rear of the home and tied up by the two, then they went about the business of ransacking the house.

Stolen by the men were a Zenith 23" color television, a Voice of Music stereo and speakers, a Garrasol phonograph and assorted gold and pearl jewelry. Mrs. Strait also reported the theft of \$350 cash and her credit cards from her purse. After the men left, she was able to call her husband at work to report the robbery. Mr. Strait then called the Sheriff's Department.

## RC&D plans meet

Harlan Wolff, Chairman of the Medina County Resource Conservation and Development Committee, has called a meeting for Thursday, April 12, in the Hondo Municipal Building at 1:30 p.m.

Purpose of this meeting will be to discuss the problems and objectives as they apply to Water Resource Management and Land Use Management.

"We will be discussing Water Supply to meet municipal, industrial, agricultural and recreational needs," Wolff said.

Wolff also said: "Other things that we will be discussing are Flood Water Management, Sewer Systems, and Irrigation. All of these things are important to Medina

County. We need to be specific in identifying the need and setting priorities as to which need should be considered first.

"If time permits, we will also discuss Uncontrolled Development, Solid Waste Management, Recreation and Open Space, Erosion Sedimentation, and Wildlife Management. Please come prepared to discuss with the group what you feel is the most urgent and important problem in Medina County and what you feel should be the solution to the problems."

Wolff will carry these problems and priorities to the RC&D Steering Committee where they will be discussed in relation to the entire ten County RC&D area.

## 4-H Roundup slated here this week

By Wayne W. Scholtz  
Asst. Co. Ext. Agent

The County 4-H Roundup will be held Friday, April 6, at 7 p.m. at the Hondo High School and 4-H Club members throughout Medina County will be participating in a variety of events.

There will be method demonstrations presented by both junior and senior 4-H members. In method demonstrations 4-H members present a 6 to 12 minute presentation on a subject of their choice such as clothing, education, cooperatives, dairying, electricity, foods and nutrition, natural resources, poultry, public speaking, safety, and other interesting subjects.

There will also be the "Share the Fun" which is a 4-H Talent Show. This year promises to provide a variety of entertaining skits and songs.

Everyone is invited to come to the Hondo High School Friday night, April 6, to see what 4-H members in Medina County are doing and learning.

## absentee voting gives indication of light ballot

No one is going out of town on April 7.

Or, that's the indication given by the number of absentee ballots cast in both the City and School elections.

As of noon Wednesday one ballot had been cast in the city election and three in the school election.

Deadline for the final absentee voting is Tuesday, April 3, at the closing times of the respective offices.

School votes may be cast at the Business Office from 8:30 a.m. to 4 p.m. through Tuesday [except Saturday and Sunday]; and city ballots may be cast at the City Hall from 8 a.m. to 5 p.m. through Tuesday [except Saturday and Sunday].

## Emergency ambulance service discussed

Ambulance operators in Medina County assured a meeting of Mayors, City Councilmen, County officials and AACOG representatives Tuesday night they would not be left "high and dry" in emergency ambulance service, but they wanted out of the present "deficit" situation.

Bud Guinn of Hondo and Charles Hurley of Devine both said that under the present situation, so regulated by federal and state laws that makes it almost impossible for a small business to comply, they are losing money and cannot continue operating.

County Judge Jerome Decker called the meeting to discuss the situation and heard reports from Dr. W. A. Duty of Hondo in which the doctor described the number of emergencies handled at the Medina Memorial Hospital over the past two years.

Dr. Duty said during the two-year period 2,841 were processed through the emergency room, with 50 in 1971 and 70 in 1972 being actual emergencies. Of these cases 48 arrived by ambulance, seven by police, 63 private; and 92 of them were treated by the local hospital and 32 were transferred to San Antonio. He said six of the total subsequently died.

He also said that some 45 were traffic, eight gun shot, 11 stabbings and 27 home accidents. Six were suicide attempts. Doctors over the two-year period treated a total of 96 emergencies and these showed 26 heart attacks, 26 heart failures, 27 strokes. Eleven were dead on arrival. Dr. Duty says this death rate compares favorably with

hospitals anywhere.

Guinn reported in 1972 he made 60 emergency runs involving 68 people; 35 were in Hondo and 25 outside; 43 went to local hospital and 15 to San Antonio.

Volunteer systems are working in other parts of the state, with the program being tax supported, yet still charging a fee. Dr. Duty advocated minimum training course for anyone in county who will take it and build from there. He also called for physicians to do more in emergency training and vowed he is willing to do so himself.

Hondo Mayor George Brucks says he feels the city should bear some of the responsibility and expressed willingness to work with anyone on a volunteer system.

Don Lawrence of the Devine Fire Department wants to divorce the Fire Department from the systems because he says volunteers are too hard to find these days.

Cliff Beavers of AACOG says that personnel trained in emergency medical services is the primary need and says that in the 11-county area of AACOG Wilson County is the only county that has started to meet the needs.

Judge Decker asked Commissioner Fred Bader and mayors to meet with various fire department heads in the county to discuss volunteer services. He called on other mayors to name someone to this committee. He also said he and Bud Guinn will visit counties with problems similar to ours and report back to committee.

Local residents say

## Thank You, Industry

Joining residents in communities throughout the State, Hondo and Medina County residents next week--April 1-7--will pay special tribute to local industry.

"Our local salute to the industries that keep our economy alive appears to be bigger than ever," said Larry Oefinger, chairman for the local event sponsored

by the Hondo Chamber of Commerce.

Oefinger, who is employed by Medina Electric Cooperative, is chairman of the Chamber's Industrial Development Liaison Committee, and as such has spearheaded this annual salute to local industries.

Highlighting the event will be

the Industrial Exhibition in the Hondo Municipal Building Tuesday, April 3, through Friday, April 6. "Exhibits will be installed Tuesday morning and be ready for viewing that afternoon," Oefinger said. "Then they must be taken down Friday afternoon so that the City election can be held in the building on Saturday, April 7."

A total of 16 exhibits have been entered for the display as of Tuesday, according to Oefinger. They include:

Universal Rundle, Gary Aircraft Corporation, Medina Agriculture Industry, Hondo Vegetable Products (Bob Van de Walle in charge), Alamo Lumber Co., Anvil Herald, Medina Electric Cooperative, United Gas, Soil Conservation Service, Peg-Mor, Inc. (camper trailer manufacturers), Hondo Independent School District, Deer Hunting in Medina County (a display by Harry Filleman, Texas Employment Commission, ESCO, Inc., Hondo Implement Company, Medina County Agents Activities (Glenn Bragg).

Late entries in the exhibits are Det. A. 2515 Communications Squadron, Randolph AFB (the GCA site personnel at Hondo Airbase), and the Hondo Weather Radar Station, Bill Hare, supervisor.

"I feel sure we will have others who will come in before Tuesday morning," the chairman said.

Another highlight for the youngsters in grades four through eight is a poster contest which can bring two prizes per class. Interest appeared to be high in this contest last week and it is hoped the walls of the exhibit hall will be lined with posters on local industry.

"We will judge these posters Tuesday morning," Oefinger said, "and place ribbons, first and second place, on them. Prizes will be \$10 for first and \$5 for second."

Tentatively scheduled, also, are visits by local school classes to view the exhibits.

This week's Anvil Herald is another portion of the local salute to Texas Industry Week and is made possible by those businesses who appreciate the impact local industry has on the economy and well-being of this community.

"I personally want to thank every merchant, company and individual who participated in this Salute to Industry edition of the Anvil Herald and made it a success," Publisher Burnis Lawrence said.

"This special week gives residents of Hondo and Medina County an opportunity to recognize contributions industrial firms have made to the community," Oefinger said.

"It can go a long way toward making new industries, like Del Rio Flying Service the contractor for the new Air Force Flight Screening program, and Peg-Mor, Inc., the trailer camper manufacturers; and Triple F Feeds feel welcome and could have a significant effect on attracting other new industry to

FLOYD WILLIAMS  
CHIEF DEPUTY SHERIFF

## Williams dies Wednesday

Floyd Williams, chief deputy sheriff for Medina County, died at his home in Devine Wednesday afternoon about 2:30 o'clock from an apparent heart attack.

Williams had just recently returned to parttime duties at the Sheriff's office after suffering a heart attack. He had spent a long convalescence from that attack. Some of his duties were performed at home so that he could get the required amount of rest.

Williams joined the Medina County Sheriff's office in about July 1957 as deputy and then around 1968 stepped up to the Chief Deputy position.

Funeral services are scheduled for 2 p.m. today (Thursday) at the Hurley Funeral Home in Devine and burial will be in Jones Cemetery near Bandera.

He is survived by his wife and one daughter, Mrs. Robert Alexander.

## Assembly at school

The Texas Health Careers Program will present a Health Careers Assembly for Hondo High School on Thursday, April 5, at 2:00 p.m. The unique presentation by John Haddad, director of field services for THCP, is designed to introduce exciting career opportunities in health care to all students.

With over 300 different careers available, the health-care field offers employment to people with a wide variety of education and training. The health-care field is projected to employ more than any other industry in the United States by 1975. Texas alone has needs for over 20,000 trained personnel today.

## Hondoans attend Legislative Seminar

Weaving the day's talks and panel discussions around the theme of Revision of the Texas Constitution, the seventh annual Legislative Seminar held Friday at New Braunfels provided those attending an inside peek at the problems facing legislators and the public alike.

Those presenting the program could have answered to a roll call in the Texas Legislature, the Governor's mansion, and Congress.

They include: Gov. Dolph Briscoe, Lt. Gov. Bill Hobby, Congressman Henry B. Gonzalez and O. C. Fisher, former U.S. Senator Ralph Yarborough, Speaker of the Texas House of Representatives Price Daniel, Jr., State Senators W. E. "Pete" Snelson, Nelson Wolff and Betty Andujar, State Representatives Bennie Bock II and Tim Von Dohlen and Leon Jaworski and Page Keeton, Dean of the University of Texas Law School.

Moderator of the event was a well known South Texan Herb Petry.

Representing the Hondo Chamber of Commerce at the event were

Kenneth Flory, chairman of the Legislative Committee; David McGraw of United Gas and Burnis Lawrence, Chamber president.

Governor Briscoe again stressed his theme of "holding the line on taxes". But he also said that Texas trails other states in vocational education and needs to increase its efforts in this direction.

"We have been spending only two cents of each educational dollar on vocational education," he said. "And our unemployment rolls, our welfare rolls, our number of people whose income place them below the poverty line, the high number of dropouts--all reflect--and are related to our lack of bi-lingual education and vocational education."

Senator Andujar, the only woman in the Senate and a Republican from Fort Worth, passed on some good thoughts which earned the applause of the group.

"Let's keep away from deficit spending as the Constitution says... let's pay the Legislature more but the people keep hold of the purse strings... let the governor and lieutenant governor run as a

team... let the governor have an administration... let him be the governor and put forth his policies, then if they are no good or do not accomplish what they should, vote him out."

**POLICE GO TO SCHOOL**... All last week Hondo looked like a gathering point for police and sheriff cars as area law enforcement officers attended a week-long Primary Criminal Investigation School. Nineteen officers spent 40 hours at the school, and represented Medina County, Eimendorf, Hondo, Bandera County, Flores-

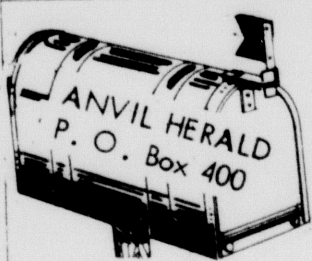

ville, Fredericksburg, Pearsall, Potect, Bexar County Hospital, District Attorney Earl Caddell, with hand on chin, heard the final presentations by the students as they prepared their cases for grand jury action. Hondo Police Chief Jerry Williamson is second from right. [Photo by Tony Mendoza]

## Letters from the mailbox

Dear Mr. Lawrence:

We just wonder if the people of Hondo and Medina County realize the quality of protection they enjoy under the defense of our Sheriff's Department, headed by Mr. Hitzfelder.

The recent robbery and looting of our home is an example of his keen efficiency and knowledge. Within hours of the crime, Mr. Hitzfelder had gathered the facts and information, and with the help of San Antonio's modern scientific equipment, had captured the robber and returned our stolen goods.

Not only is Mr. Hitzfelder an intelligent, educated, dedicated officer of the law, but he is also a kind, tactful, helpful person whom local people should recognize as a tremendous asset to the community. It has been said with "more truth than poetry" an unlawful visit to Medina County is the shortest trip to Huntsville."

Yours sincerely,

Dear Sheriff Hitzfelder,

I wish to express my appreciation for the outstanding display of professionalism shown by Deputy Sheriff Alvin Santleben on the evening of 7 March 1973. His actions and ability to perform under stress aided immeasurably in the apprehension on Lackland Air Force Base of persons alleged to have robbed a liquor store and assaulted a City Marshal in Castroville, Texas. Suspects' car was stopped in a congested area where, without the competence of Deputy Santleben, possible harm could have come to bystanders.

These suspects have also been identified as being implicated in several recent robberies here at Lackland Air Force Base.

Sincerely,

#### 'Closed Meeting' Law

If the version of the state open hearings statute approved by the State Senate's Jurisprudence Committee is passed into law, Texans might just as well forget about trying to find out what their elected officials are doing because most of their deliberations will be behind closed doors.

An amendment by State Sen. Jack Ogg of Houston allows officials to consult with attorneys behind closed doors to consider "avoidance of possible litigation."

This is simply a subterfuge. Virtually any action taken by a public body can be subject to litigation, and therefore he discussed behind closed doors.

This excuse was used by many attorneys for public bodies to treat

officials behind closed doors under the existing law until the late Atty. Gen. Crawford Martin narrowed the prerogative last year by ruling that only attorney-client relationships were protected by the law.

Although the Senate's record on reform legislation has been pitiable this session, this amendment hits a new low-water mark.

Presumably there are enough state senators truly interested in good, open government to restore the House wording, which incorporates the attorney general's ruling, to the exemption.

Otherwise its title should be changed to the "closed meeting law", few open meetings would be required under the Senate committee's version.

THE DALLAS MORNING NEWS

[Editor's Note to Senator John Traeger: We believe the media feels the public deserves a stronger law on closed meetings. Please consider the amendments submitted by Senator Ron Clower. We believe they will help provide the public better protection.]

pital services rendered to nonresident patients has initiated House Bill 578.

This bill states that if treatment is given to a resident of a county outside the Hospital District and this person is an indigent or needy person, the county in which the patient lived at the time of his admission to the Hospital District shall be

obligated to reimburse the Hospital District for the services rendered. Should the county fail to pay the bill within 90 days after the beginning of the fiscal year, the Hospital District has the right to file suit against the county.

It is my belief that this legislation is not in the best interest of rural counties.

### DECriminalize

. . . marijuana is the hue and cry these days. The Texas Legislature has members who are joining the parade, including State Senator Betty Andujar of Fort Worth. She said Friday in New Braunfels "that to make a young person, or anyone else, pay for smoking an occasional joint is a shame."

But I feel Mrs. Andujar and all the others who follow this line are wrong. And so does R. R. Holton, executive director of Texas Alcohol Narcotics Education Inc.

"Some of the noise made lately for legalization of marijuana is coming from a small group of parents who are trying to protect their children from the consequences of the drug laws," he said.

"Some parents have led their children into drug abuse by their own liquor-drinking and pill-taking examples. Others simply failed to give adequate parental leadership. Their kids are on grass, or have been busted for drug law violations. Now some of these people would like to 'decriminalize' marijuana so they can shrug their shoulders and say, 'It's legal,' passing their own responsibility to the state.

"An examination of the facts indicate that marijuana can be harmful to the individual and to the community as a whole. According to Dr. Walter X. Lehmann, Director of VITAM Center, Norwalk, Connecticut, one of the many authorities who have spoken out against the use of marijuana, marijuana use damages short term memory, causes momentary flashbacks even six months after taking the drug, and alters the personality of the user. But the 'decriminalization' theory has chosen to ignore these facts.

"It is often the door through which other drug problems enter. Some heroin addicts reveal that they started on marijuana. According to a Los Angeles study of arrests, one in six who got into trouble with marijuana, within five years, got into trouble with heroin.

"Marijuana can be the first step to drug dependence. With many it leads to LSD, speed and heroin. With others the second step to other drugs is never taken, but marijuana dependence is developed, which is bad enough.

"Since many youngsters get involved in stealing cars, we would use the same logic in 'decriminalizing' auto theft. But then we would be encouraging car theft, more people would be hurt in accidents with these joyriders, and the general public would have to pick up the bill in increased insurance premiums.

"Decriminalization is just a euphemism for legalization. If marijuana use is legalized, healthy young people will be encouraged to use the drug, and more will adopt the irresponsible attitude of the drug user. Healthy young people will undergo the subtle personality changes that turn them into potheads and from their ranks will come new speed freaks which could easily result in the number of addicts multiplying in our society.

"Legalization of marijuana may make a few parents, who are desperate for self-justification, feel better, but every indication points to a drastic increase of drug abuse problems."

I for one certainly hope that Mrs. Andujar and others will look closely at all the facts before they completely decriminalize the use of marijuana. Maybe make possession of small amounts a misdemeanor, but stick the heck out of a person who sells the drug--a pusher.

### REMEMBER NOW

. . . that there are plenty of circulars available for everyone to publicize Museum Day Celebration in all the letters they mail out of town.

Here at the office one goes into every envelope going out of town, and the same is happening at the Chamber of Commerce. Elgin Wiemers has taken a bundle to mail to area Square Dance Clubs since the Country Squares are inviting them all to a big party right after the festivities end.

Bill Green has just some bunch of them to distribute and mail with invitations to the big South Texas Chili Championship Cookoff.

Mrs. Woody Glasscock took some to mail with her invitations to the Art Show and Sale to be sponsored by the Hondo Art League.

And I understand that Blackie Williams said he would mail out some to area golfers who are being invited to the First Annual Museum Day Golf Tournament. Now, Blackie that's what Gladys told me you would do.

And now how about you? Why not pick up a dozen of these flyers and insert one in each letter you mail out of town? Business places send out many letters and you never know where you'll strike a cord of interest.

We still have that rubber stamp offer on--any rubber stamp publicizing Museum Day gets a 15 percent discount.

### GIRLS NEEDED

. . . for the 'pig feeding project' is the story Tony Mendoza tells me this week.

"We need some young girls to volunteer for feeding the pigs this Saturday morning, or other Saturday mornings between now and Museum Day," Tony said. Interested? Call him at 426-3346.

there is still great debate as to the effect this drug will have on a user over an extended period of time, and he is against decriminalizing its usage.

Most of the speakers agreed that the Supreme Court decision against the Rodriguez case does not give the state a mandate to ignore the problem of school financing.

Lt. Gov. Hobby said: "Certainly it took the pistol away from our head, as far as immediate act but it does not mean the end to litigation in this area; nor does it solve the problem. A case filed in Fort Worth seeks a change in the inequities of administering the tax. So you can see there will be other litigation. And there definitely should be some positive action on the problem."

Gov. Briscoe disagreed with both the Lieutenant Governor and Speaker of the House as to the time-table on solving the problems of school financing. "I would hope that we can get to this problem in this session of the Legislature," he said.

He also was at odds with the two on writing of an appropriation bill.

**Hondoans**

Both Hobby and Daniel said again that they favored writing a one-year bill, but the Governor said that it is imperative to write a two-year bill.

"In January 1974 the entire Legislature will convene as a Constitutional Convention," he pointed out. "And they will be wholly occupied with that important task. They will not have time to wrestle with writing another money bill."

The 37-member Constitutional Revision Commission had three of its more prominent members at the Seminar, former U.S. Senator Ralph W. Yarborough, Leon Jaworski and Page Keeton.

In all of their statements they agreed that the task of the Revision Commission is not to re-write the Constitution. It will only gather and compile information. The Legislature will do the writing of the final document.

Senator Snelson summed up what all thought about the task: "To successfully achieve their jobs, both the Commission and the Legislature must have meaningful

input from the general public. If they do not receive this, they are just spinning their wheels."

It was pointed out that the Commission will hold regional hearings as a group, and also regional hearings by one of the seven categories which the Commission will cover by committees.

Congressmen Gonzalez and Fisher covered priority problems on a national scale. They said the

international monetary problems have a profound effect on the United States.

"This last devaluation of the dollar will cost the American taxpayer 2 1/2 billion dollars," Rep. Gonzalez said. "The first one cost a billion and a half dollars."

Wrapped up in a neat statement, the Seminar appealed to the Hondo delegation as: "Very informative, enlightening and worthwhile."

Hondo and Medina County," he added.

On a state wide level the industrial growth has been tremendous. In recent years, according to the Texas Industrial Commission, Texas has grown from a predominately rural society to one with a booming industrial growth record. Last year a near record total of 355 new industrial firms moved to the state, only 56 short of the 1969 total of 411 which made Texas the nation's leader in industrial growth.

"We can look with pride at our achievements, but we cannot rest on our laurels and expect to find a bed of roses in the future," said Chester Wine of Corpus Christi, chairman of the Texas Industrial Commission. "Specific programs developed in recent years will give us the vehicle for future industrial growth, but only through our own initiative and hard work can we assure the continuation of this healthy growth."

Wine credited much of this growth to the Industrial Commission's active program of promoting the state's industrial advantages, and Texas' natural attractiveness as an industrial mecca.

"People are also an important part of this growth," Wine said. "Community leaders from throughout the state have taken advantage of the many development programs offered by the Industrial Commission and their investments are paying off in more and better paying jobs."

Programs offered by the Industrial Commission range from helping the state's industrialists establish foreign markets to specific guidance in developing industrial programs at the community level.

"Many of these programs could be the key to solid growth for many communities," Wine said. "Texas Industry Week, sponsored statewide by the Texas Manufacturers Association, is an excellent time to set future development goals and begin working toward them."

Local Chairman Oefinger said: "Here in Medina County our economy still depends to a large extent on agriculture-farming and ranching. It will continue to do so and we recognize the terrific contribution our farmers and ranchers make to the continuation of our economy. At the same time we must continue working toward attracting new industry to our area to supplement that which we have now."

"We feel Texas Industry Week and our local salute to industry can go a long way toward making local residents more aware of what industries we have, what they do for our city and county economy and how we might work toward gaining additional industries."

"Therefore, we extend, on behalf of the Hondo Chamber of Commerce, a cordial invitation to everyone to come by the Municipal Building next week and view the exhibits."

Doc Taylor handed a lengthy report to the staff of the Anvil Herald concerning last weekend's rainfall in the county. His findings are as follows:

Hitzfelder and Deputy Bill Scheel were able to produce two suspects in the crime.

A raid on the home of one suspect, Johnnie Mitchell, III of 119 San Salvador, San Antonio, was carried out on Friday night. All the stolen goods were recovered at the home, along with other stolen property and some narcotics.

Mitchell has been arraigned before Justice of the Peace Harold Herring of Hondo and charged with burglary and robbery by firearm. Bond has been set at \$30,000 on the robbery by firearm charge and he is being held in Medina County Jail in lieu of the bond.

The other suspect, Richard Conway Wyatt, is being sought by San Antonio Police officers.

**ANOTHER BURGLARY**

On the night of March 11, Bexar-Medina Implement Company, LaCoste, was burglarized with \$3,000 worth of mechanic's tools reported stolen.

Investigation by Sheriff Hitzfelder and Deputy Alvin Santleben with the San Antonio Police Department burglary division turned up the names of three suspects.

Arrested by the San Antonio Police Department were Milton W. Moore, 17, of San Antonio and two juveniles. All the tools were recovered.

FORECAST: Showers due Wednesday, March 28. This is in addition to fine rains already received, and should really fix out the country.

So, Mr. Chapman and I (T-C Service) are going way out on the limb and we predict rain between April 7-14. Watch it. T-C Service

**UIL contests honors won by students**

Hondo High School students will return for the second round of UIL Literary Contests Saturday after a highly successful first outing last Tuesday.

Events coming up in Saturday's contest include Number Sense, Slide Rule, Boys Debate, Girls Persuasive Speaking, Boys and Girls Poetry Interpretation, and Boys and Girls Prose Reading.

Tuesday saw the Hondo students win First, Second and Fourth in the Typing contest. Donna Wiemers won the event and was followed by Debbie Muennink in second place. Carizzo Springs won third and Freda Brookshire of Hondo placed fourth. In the Science contest Cotulla placed first, but David McGuffin of Hondo took second place.

In Spelling, Cotulla again won the event, but the next three places were taken by Theresa Nira, Connie Moss and Freda Brookshire in that order. Hondo students took fifth and sixth place in the Shorthand competition which saw Devine take the top two places.

First and second place winners in all events are eligible to compete in the Regional Contest, to be held in Kingsville April 13-14.

One Hondo entry-Linda Owens in Ready Writing-won't be over until after the weekend. All entries in the contest are sent to Southwest Texas State University at San Marcos for grading, and results will not be known until next week.

In one-Act Play Competition held Monday night at Southwest Texas Junior College in Uvalde, Devine took first place with their play "A Marriage Proposal" by Anton Chekov. Alternate honors were won by Medina Valley's "Alice in Wonderland" by Lewis Carroll.

Hondo's entry "Death of the Hired Man" by Jay Reid Gould, received a favorable critique by the judge, although it did not place in the contest. Eddie Pope, who played Silas the hired man, was chosen for the All Star Cast from the 36 players present and was Runner-up for the Best Actor award. Also having parts in the play were Tony Hackbeil, Rhonda Graff and Kay Martin.

Serving on the stage crew were Tim Gilliam, Eddie Johnson and Brenda Mazurek. The play was directed by Mrs. Neely, Hondo High School faculty member.

Mrs. Neely expressed her thanks to the parents of the players for allowing them to participate. She also gave special thanks to Mr. and Mrs. Chuck Hackbeil and to Mrs. Mary Martin for their help in preparing the play. "We are all very proud of the students for their efforts in the play," she said.

**MUSSMAN DIES**

Arnold Mussman, age 58, died at Medina Memorial Hospital Wednesday, March 28.

Funeral services will be held at 4 p.m. in St. Pauls Lutheran Church with interment in the Oakwood Cemetery.

A complete obituary will be in next week's paper.

**Two maps give view of state**

Two highly informational maps have just been released that will provide Texans the opportunity to find the fun places in their state.

Both are available in limited quantities at the Hondo Chamber of Commerce. Or they may be ordered by individuals.

One is the greatly expanded Vacation Fun Map published by the Discover Texas Association, headed by Happy Shahan of Alamo Village.

This year's Vacation Fun Map is 25 percent larger and includes designation for 34 major tourist attractions, 19 historical or scenic attractions, resorts, food and accommodation sites plus travel information facilities.

In addition it designates the location of four National Forests and Big Bend National Park, plus Padre Island National Seashore.

One side also contains full color photos and descriptions of various tourist attractions and resort cities.

The other map is the new 1973 Official Texas Highway Travel Map which is described in another story.

## Wanda Briggs, John Heiligman united in double-ring ceremony

Miss Wanda Ann Briggs became the bride of John Elbert Heiligman of Yancey Friday evening, March 9, 1973 at 7 o'clock in a ceremony held in the Charlotte United Methodist Church.

The bride is the daughter of Mr. and Mrs. Frank (Guy) Briggs of Charlotte. Mr. Heiligman is the son of Mr. and Mrs. Jimmie Heiligman of Yancey.

The setting for the double-ring candlelight ceremony, performed by the Reverend Paul Terry, was created at the altar with a single large arrangement of white and yellow gladiolus and greenery.

Given in marriage by her father, the bride wore a full-length gown of ivory silk organza with a high neckline, short sleeves edged with Venice lace, an A-line skirt with a chapel-length train. A half circlet of baby's breath adorned her hair. She wore a single strand of pearls given to her by a dear friend, Mrs. Alberta Ferrier of Freer.

The Victorian-style bridal bouquet was of yellow daisies and accented with baby's breath and white satin streamers tied in love knots.

Miss Jan McCloskey was maid of honor. Her

floor-length dress was yellow sheer voile with a gathered skirt and long sheer sleeves. She carried a bouquet of yellow and white daisies.

Attending the bridegroom was his brother, Ronny Heiligman of Yancey. Gaylen Briggs, brother of the bride, and Tommy Wilson of Yancey, cousin of the bridegroom, were ushers.

The traditional organ wedding music was provided by Mrs. Kathryn Secrest. Guests were registered by Miss Marilyn Pavel, cousin of the bride.

A reception honoring the couple was held immediately following the ceremony at the home of the bride. The bride's table was laid with a white grass-linen cloth and centered with a yellow and white floral arrangement. The three-tiered white wedding cake was decorated with sugar-spun angels, wedding bells, white swans and sprinkled with yellow daisies. On top stood a traditional miniature bride and groom. Yellow fruit

punch was ladled from a large crystal bowl.

The bridegroom's table, covered with a white cloth and having a small arrangement of daisies, held the German chocolate cake which was served by Miss Jan McCloskey. Coffee and nuts were also served.

Miss Marilyn Pavel served the bride's cake and Miss Marjorie Kay Raensch of Bastrop served punch.

Among those present were relatives from Smithville, Bastrop, Freer, Corpus Christi, Yancey, Hondo, Sabinal, San Antonio and Pearsall. Of affectionate interest was the presence of three grandmothers, Mrs. Elsie Heiligman, Mrs. Cornelia Wilson of Yancey and Mrs. Annie Raensch of Smithville.

For traveling Mrs. Heiligman chose a brown and tan layered double-knit pantsuit. With it she wore a corsage of white daisies.

Upon their return from a brief wedding trip, Mr. and Mrs. Heiligman will be at home in Big Foot, where Mr. Heiligman is employed on the Duke Wilson Ranch and Mrs. Heiligman is employed as elementary librarian in the Charlotte School District.

## Garden Club tours Austin

The Hondo Garden Club made their annual pilgrimage on March 23rd. This year they took a chartered bus to Austin with 21 members and 17 friends aboard.

The first stop was at the Governor's Mansion where they viewed the historical furnishings of the downstairs area. They strolled through the lovely gardens of camellias, azaleas and daffodils.

At the Capitol they visited Rep. John Poerner's office. The guide explained the different phases of the rotunda. They enjoyed visiting the

House of Representatives in session and the Senate room.

Lunch was enjoyed at the Garden Center Building in Zilker Park where Mrs. Naomi Meyer and Mrs. Jerry Berger, former Hondo Garden Club members, met them and renewed acquaintances. Later, they strolled through the Japanese Garden and they particularly enjoyed the mountain laurel in bloom.

They viewed beautiful azaleas in the residential area, the Caldwell Treaty tree and the University of Texas campus on their way to the LBJ Library. The "hour tour of the library was most interesting. With a last glance at the beautiful fountain in front of the building, the group made their way back to the bus and a joyous ride back to Hondo.

**D'Hanis FHA honors parents**

The D'Hanis Chapter of Future Homemakers of America held their annual Parent-Daughter Supper Thursday, March 22.

The covered dish supper included a variety of meats, salads, vegetables and cakes, along with ice tea or coffee. Approximately 80 people attended.

## All she wrote

by Edna McDade

Spring arrived here Tuesday, March 20th, precisely at 12:13 p.m., CST. I had watched the clock all morning, having my doubts, because early clouds had released a threatening sprinkle and the wind blew chill. As if on cue, the sun suddenly appeared and held the stage for the remainder of the day.

Perhaps because of their traditionally whimsical tendencies, the seasons are classified as feminine nouns. One local reporter [a man] had this to say: "Spring is a tease. She won't be hurried, coaxed or commanded."

Mark Twain, in a speech about New England's weather, said, "In the spring I have counted 136 different kinds of weather within 24 hours."

He also said, "Weather is a literary specialty and no untrained hand can turn out a good article on it."

This "untrained hand" takes the hint and changes the subject.

\*\*\*

If your imagination can imagine the intervening miles between the ports of Houston [and maybe those of Corpus Christi] and the North Pole, a current report says that's how long a freight train it would take to transport all the wheat now tagged for various foreign countries, including Russia.

Not included in the shipping problem are other grains such as sorghum, corn, soybeans etc. They're probably waiting to hop a later train en route to the docks.

\*\*\*

Perhaps cattle never had it so good -- or bad. In the days when I typed or proofread market reports for Hondo, Sabinal and Waelder, I wondered what canner-cutters were. They were always way down in the price scale.

Not any more. Skinny old cows and bulls [from eight to 15 years old or older] are bringing more than choice steers at wholesale, says a Houston report.

And, by the time they come out disguised as hamburger, hot dogs, sausage, potted meat etc., they're really "up town", in price anyway.

What's the old refrain? "Anyway you cut it, it's boloney just the same!"

\*\*\*

SMALL WORLD, here we go again. Next-door-corner neighbors are the JOHN W. BERRYs. When Mr. B learned that I had migrated here from Hondo, he said he had some very good friends living there. They are the W. N. [Bill and Ella] BURGINS of Vandenberg Road.

"John and Bill" are both ex-SHELL OIL employees, now retired. They keep in touch and John is a sort of liaison-correspondent for a group of ex-es as he mails a semi-annual letter reporting happenings of interest to keep the remember-when-up to date.

Mr. Berry has "oiled" from China to Mexico and many lands in between, and he is an entertaining conversationalist. A resident of this city since 1940, he says his first view of it was in WWI days and that's a long time ago as I can well remember.

\*\*\*

Now I know what GLENN DITTMAR must have been doing while he was trying to catch up with resting. What a lot of research, to say nothing of the old indispensable legwork, must have gone into the compilation of the forthcoming [1975] Medina County Soil Survey Report and what a help this should prove for the landowners who will avail themselves of the findings!

JERRY TURRENTINE must share the credit and EVERETT ABBOTT, District Conservationist for the Hondo Field Office SCS, will be entitled to all the bows he can take for this additional proof of the efficiency of his office in its service to Medina County's agricultural economy.

\*\*\*

I knew that GLENN BRAGG, county ag-agent, was trying mighty hard but I guess he finally decided he just couldn't be more than ten or twelve places at the same time so -- along came WAYNE SCHOLTZ to help him.

This is to be considered a "Howdy" to Wayne and to extend good wishes for the tasks at hand. There'll be a mighty lot of them!

\*\*\*

My former neighbor, MYRTLE WILLIAMS, is now a great-grandmother for the several-th time. She told me once that "the thrill of being a grandmother never wears off" and I believe she meant every word of it. Congratulations!

\*\*\*

A 2nd grader from Washington, D.C. school submitted a "clean-up" poster in a recent contest. It's title "PLOOSHIN IS NOT GOOD".

Now, if only more Americans could be made aware that it is not good, we'd be getting somewhere in the nation-side environmental awareness program.

### DOG CLUB

The Hondo 4-H Dog Care and Training Club met March 20 in the Medina County Courthouse. Curt Collier led the 4-H Prayer, Joe Stickney the 4-H Motto and Nancy Martin, the 4-H Pledge.

Program chairman Chris Cole showed a film titled "Putting on the Dog" furnished by the Hondo Public Library. 4-H method demonstration on City Dog Ordinance #215 and 79 was presented by Chris and Douglas Cole.

A report on 4-H participants in dog shows for the month was given by Patrick Richards and Doug Cole. Chris and Doug Cole and Patrick Richards showed first place winning dogs and best of breeds in San Antonio shows.

New officers elected were Joe Stickney, parliamentarian; Patrick Richards, reporter; and Ute Nichols, correspondent secretary.

Other officers are Kay Martin, treasurer; Doug Cole, historian; Karen Reinartz, president; Curt Collier, second vice-president; Nancy Martin, recording secretary; and Chris Cole, first vice-president.

### BICYCLE CLUB

The newly organized South Hondo 4-H Club bicycle group met Monday, March 26, for their third meeting.

Leader Andy Gilliam helped the members inspect the condition of their bicycles and made needed adjustments. Other meetings have included a discussion of the three main types of bicycles and a short history of bicycles.

Future meetings will include bicycle care, maintenance and safety. The group will improve riding skills and enjoy riding activities.

4-H members enrolled in this project are George Villa, Rose Mary Rios, Jo Stickney, Debby Lindenburg, Lynn Moos, Lynda McWilliams, Mary Jo Rummel, Joe and Bobby Pina, Kay and Nancy Martin, Terri and Debbie Young and Chris and Doug Cole.

The next meeting will be held April 9 at 1906 21st Street at 5 p.m.

—Andy Gilliam

### JR. RIFLE CLUB

The Hondo 4-H Junior Rifle Club met to see a demonstration on "Loading Center Fire Rifle Cartridges" given by Darwin Schrader.

Schrader's program consisted of showing the members how to make a new usable cartridge from an old empty one.

Glenn Bragg, county agent, spoke on 4-H Club goals and eligibility requirements.

Guests were introduced and the following new members were welcomed: Darrell Krenmueller, Rodney Shadwick, Reggie Rodriguez and Gary Pena. Others having responsibilities at the meeting included Chris Cole, Johnny Kalinowski, Doug Cole, Kyle Landers, Allan Collier and Nancy Martin.

County eliminations will be April 5 at 7:30 at the Indoor Rifle Range. Shooters will shoot at prone, kneeling and standing positions. District competitions will be in Uvalde.

—Nancy Martin

### HORSE CLUB

The Hondo 4-H Horse Club met Monday, March 26, at the District Court Room. Attending were approximately 25 members and 20 adults.

The meeting was called to order by Larry McWilliams. The Motto and Pledge were given by Andy Gilliam and Doug Samford gave the treasurer's report.

The club elected Andy Gilliam president, Rusty Haile vice-president, Paula Moos secretary, Karla Helvey treasurer, Jo Anne Coffey reporter and Keith Saathoff parliamentarian.

We then discussed the trail ride which will be held Sunday, April 1, meeting at Bobby Nester's ranch north of Hondo.

The trail ride will then go to the Gilliam Ranch where we will have covered dishes of meat, vegetables, and dessert for supper. Anyone interested is invited.

It was then discussed when to hold practice meetings at the Hondo Rodeo Arena. We decided on every Monday night starting April 9th at 6:30, leaving the fourth Mondays for regular meeting night.

It was brought up about the rest room facilities at the Arena and the Horse Club has given \$150 to the Rodeo Association to help build new rest rooms.

County Eliminations has not been scheduled, but the District Show is July 6-7 at Uvalde.

The meeting was adjourned by Lee Haile and seconded by Laurie Hollmig.

## Natalia & Chacon Lake News

Darwin Blakemore celebrated his 12th birthday on Friday with a skating party at the local skating rink. Martha Blakemore, Carl Blakemore, Hal Smith and Jane Smith were sponsors for the ten guests. Refreshments of soft drinks were served.

Reverend F. E. Turner, teacher, entertained the Couples Sunday School Class of the Natalia Baptist Church with a class party and business meeting Monday night at his home. C. V. Kerr serves as secretary for the class. Iven W. Thompson was elected president and Mrs. Ann Powell was appointed Sunshine pal. The group enjoyed three tables of dominoes. Refreshments were served.

Mr. and Mrs. Charles Tidball, Sr. honored their grandson, Sonny Tidball, on his 10th birthday with a Mexican supper at their home on Sunday, March 18. Guests were the honoree and his parents, Mr. and Mrs. Charles Tidball, Sr., San Antonio; his sister, Sandy Tidball; and his uncles, Kenneth Tidball, Mr. and Mrs. Leslie Tidball and family, Susan, Cheryl, Edwina and William; Miss Jane Vaughn, Mr. and Mrs. Ernest Thompson and Stacy and his aunt and family, the Vernon Gott-hards, Brenda and Vicki from San Antonio.

The Happy Valley Need-

le Club met Wednesday afternoon at 2:00 in the home of Mrs. Arthur W. Bongers with seven members attending. Mrs. Bongers presided in the absence of the president, Mrs. Frank Neuman. Mrs. Iven W. Thompson called the roll and read the minutes of the previous meeting. The afternoon was spent chit-chatting. Refreshments were served by the hostess. The next meeting will be Wednesday afternoon, April 4, at 2 p.m. in the home of Mrs. E. Moffett in Devine.

The Iven W. Thompsons attended the 2 p.m. funeral Thursday afternoon at the First Baptist Church in Pearsall of Jesse Milton McWhorter, age 49, who died Wednesday morning after having had surgery Tuesday afternoon in the Frio Hospital.

Mr. and Mrs. A. M. Mosley and Keith motored to Burnet Saturday morning for the weekend with their daughter and family, the Percy Spencers, Susan and Diane.

Mrs. Fred (Mickey) Barham is now convalescing in the Woodlawn Nursing Home at 3031 West Woodlawn Avenue, San Antonio, after having been a patient for some time in the Santa Rosa Hospital recovering from pneumonia and three broken ribs. Her daughter and son-in-law, Mr. and Mrs. Clifton Benson, who came

for a visit, are now back at their home in Rosemond, California.

M-Sgt. and Mrs. Alton T. Little, Cheryl and Mr. and Mrs. A. W. Fiorenza and Valinda went to San Antonio Sunday afternoon and had supper with their cousins, the Mel Maddermans.

Mrs. Genevieve Day returned home Thursday after having visited since the previous Sunday with her sister and brother-in-law, the Henry and Flossie Millicans in Kerrville and she went to San Antonio Sunday afternoon for a few days' visit with her daughter and family, the Richard Jordans, Michael and Bryan.

Mrs. Tom Lender, Jour-danton, came Sunday for the day with her sister, Mrs. Frances Manning.

Mrs. Johnnie Belle Wad-dell, Devine, visited the Iven W. Thompsons Monday afternoon.

Mrs. Rosie Crawford,

who had surgery on Friday, March 9th, in the Wilford Hall Hospital, was released Monday afternoon, March 19, to convalesce at the home of her daughter and son-in-law, the Earl Webbs, in Schertz.

Mr. and Mrs. J. S. Chaney had as their weekend guests their sons, Robert Chaney who teaches school in the Jour-danton High School, and Frank Chaney, Corpus Christi.

Steven Tidball, who is in basic training at Lackland AFB, came out Saturday afternoon for a visit with his wife, the former Carolyn Stinson, and Heather Faye and his parents, Mr. and Mrs. Charles Tidball, Sr. Steven is scheduled to leave Friday for his new assignment at Lowry AFB, Denver, Colorado. His wife and baby daughter will join him there later.

### Hauger receives award

Ralph Hauger took over the reins of the Hondo Service Unit Committee from W. T. Crow several years ago. Hauger is the third chairman in the history of the service unit which was founded by the late Jake Fusselman.

Under Hauger's leadership the committee has expanded its membership and services to D'Hanis where the Rev. Victor Schmidtzy is the committee member and to Castroville where City Marshall Frank Hayes and Councilwoman Ruth Lawler represent the committee.

Presently the committee is conducting its annual

appeal for financial support. Crow, Appeal Treasurer, says the campaign can be a success if the workers who have not completed their assignments would do so and asks them to please complete in the next day or so and bring in their kits to Leinweber's Store.

The campaign committee would like to complete the campaign as another agency is about to start its campaign.

The committee wishes to thank all the donors, the workers, captains and Nancy Fridle, Campaign Chairman.

### Brown's Nursing Home news

Ray Mussman from Mission, Texas visited Mrs. Pauline Lossberg Monday.

Visiting Mrs. Regina Burell this past week were Mr. and Mrs. Milton Bendele, Mr. and Mrs. Joe Riff, Mr. and Mrs. Richard Ahr and Red Burell.

Fred T. Burger of New Braunfels visited Mr. Willie Muennink and Emmett Berry on Thursday.

Mr. and Mrs. J. A. Reeves of San Antonio visited many friends in the nursing home.

The Yancey Baptist Church held services Sunday for all the patients.

Also on Sunday, the St. Louis Jr. High Religion Group with Father Larry Steubben sang and played the guitar for the residents.

The Blue Birds with Freddie Woods sang songs and visited the patients Thursday.

Louise Hermes of Big Lake, Texas visited her brother, Julius Marquis, this past week.

### Four men attend meeting

Four county men attended the 36th Biennial Convention of the Woodmen of the World Life Insurance Society, March 25-28 in Fort Worth.

Attending from Medina County were Dan Vera of Natalia, George Valle and Jerry Rucker of Devine and Bill Green of Hondo.

Also in attendance at the event was R. N. Dossman of Tarpley, who holds an honorary board chairman designation.

### Two Hondoans on Tech Dean's List

LUBBOCK -- A total of 896 students in the College of Business Administration qualified for the dean's honor list for the 1972 fall semester, according to Dean Jack D. Steele.

To qualify for the honor list, a student must be enrolled in 12 hours of courses, excluding pass-fail courses, and have at least

a 3.0 grade point average. Texas Tech uses a 4.0 grading system. The College of Business Administration is one of six colleges and two schools at Texas Tech University, which will be observing its

Fiftieth Anniversary 1973-75. The fall enrollment was more than 21,490.

Students recognized for their high academic achievement in the College of Business Administration are Alex S. Porter, sophomore, and David R. Schmidt, senior. Alex is the son of Mr. and Mrs. W. S. Porter and David is the son of Mr. and Mrs. George Schmidt of Hondo.

## DOWNY MILDEW WON'T STOP SX-15

Last year in Texas, Downy Mildew beat up on just about every sorghum-sundangrass hybrid. But not Sudax Brand SX-15. It's bred for Downy Mildew tolerance. And DEKALB tests at Austin and Corpus Christi proved that it can stand up to the disease, produce big tonnages of forage and make fast regrowth.

SX-15 is high in T.D.N., high in palatability and low in prussic acid. Upright leaves help it make better use of sunlight. And they make it possible to plant thick for extra tons per acre.

Get the big yielding hybrid Downy Mildew won't stop. See your DEKALB dealer now for SX-15.

### DEPEND ON DEKALB

Note: Performance of this seed may be adversely affected by environmental conditions, mutant strains of insects or diseases or other factors beyond the control of DEKALB.

"DEKALB" and "Sudax" are registered brand names. Numbers identify hybrids.

## Try caging tomato plants

BY GLENN BRAGG  
EXTENSION AGENT

Gardeners can produce a better crop of tomatoes by using wire cages, according to County Extension Agent Glenn Bragg.

A five-by-five-foot section of six-inch mesh concrete reinforcing wire makes an excellent cage about 19 inches in diameter when bent into a cylinder and the ends are bent together. By snipping off the bottom rung, the cage can be pushed into the ground about six inches deep.

Push the cage over each plant. No suckering, pruning or training is necessary. The plant grows up through the cage with some of the leaves and stems coming through the six-inch squares of wire mesh, supporting the plant in an upright position.

Cages allow plants to develop naturally provid-

ing adequate shade for ripening fruit, points out Bragg. Sunscald and fruit cracking are minimal with caged plants when soil moisture is maintained at an adequate level and foliage diseases are controlled.

Plastic, paper, aluminum foil or heavy organic mulch on the soil in the cage will control weeds and reduce moisture loss. However, organic mulch should be used only after the soil has become warm, as it can slow plant growth if used during cool spring weather.

According to the County Agent, six caged plants of the large fruited tomato varieties should provide plenty of tomatoes for a family of four or five during the normal harvest period. Some growers have obtained over 50 pounds of fruit per plant in cages.

**PUBLISHER TALKS** ... Anvil Herald Publisher Burnis Lawrence, left, joins in conversation with Lt. Gov. Bill Hobby, right, and State Senator

John Traeger, who represents Hondo and Medina County. The three were attending the seventh annual Legislative Seminar held last Friday in

New Braunfels. At this time they were discussing the Closed Meetings bill now being considered by the Senate and also an upcoming visit to Hondo by Senator Traeger, who said he might be able to attend the Industrial Barbecue Tuesday night.

and moisture. Consequently, when there are not enough plant nutrients to support a dense stand of grasses, weeds get first choice of nutrients and moisture.

Numerous result demonstrations throughout Texas have shown that two to three times more grass can be grown on the same pasture acre when weeds were controlled as when they were not controlled.

Chemicals usually offer the most effective weed control and several are available and safe to use in pastures. Chemicals should be applied when weeds are young and actively growing. Adequate amounts of water should be mixed with herbicides and applied according to directions on the label.

Specific recommendations for controlling weeds common to pastures in Medina County are available at the County Extension Office, adds Bragg.

Weedy pastures are a sign of inadequate amounts of fertilization, points out Bragg. Weeds have a better ability than grasses to obtain nutrients

If mistletoe is on small limbs, remove the entire limb about one foot below the area of infection, advises the agent. Here again, the wounded area should be painted with the tree paint.

Mistletoe can be spread by birds as well as by other means. Presently there are no chemicals cleared for use that will effectively control mistletoe, adds Bragg.

Weeds rob pasture grasses of valuable moisture and nutrients. They also are irritating to livestock grazing the pastures.

Control of this parasitic plant is often difficult because a portion of it is growing into the tissues of the tree, notes Bragg. Just simply breaking the mistletoe off the limbs is not a satisfactory means of control as it will sprout at the point of removal and produce another clump of growth.

To satisfactorily control mistletoe, remove a chip from the host limb at the point of attachment if it cannot be entirely re-

## Tips on controlling mistletoe

There's still time to remove mistletoe from trees so that they will be free of the parasitic plant for the coming season.

In most instances mistletoe causes an unsightly condition and disfigurement. However, occasionally it can cause dieback and weakening of terminal limbs, points out County Extension Agent Glenn Bragg.

Mistletoe is frequently seen on live oak, post oak, hackberry, elm, and mesquite trees. It obtains water and nutrients from

Marine Private Armando Gonzales, son of Mrs. Jesusa Gonzales of 805 17th St., Hondo, graduated from basic training at the Marine Corps Recruit Depot in San Diego.

He is a former student of Hondo High School.

Renner lovegrass is the newest grass to come out of the continuous breeding evaluation studies at the Texas Research Foundation at Renner, Texas.

In developing this grass special attention was paid to palatability while maintaining other desirable agronomic characteristics. Ermelo lovegrass was considered as the standard variety for the study. In preliminary grazing trials during the fall of 1964, animal preference for Renner lovegrass was definite.

All plants of Renner lovegrass were dug and removed from the grazing trials and placed in the greenhouse for the winter

## Beware of bloat in cattle

With the arrival of warmer weather and rapid legume growth, bloat may become a problem in your cattle. Texas livestock raisers should remember that bloat is often an important cause of cattle deaths, warns County Extension Agent Glenn Bragg.

Bloat is basically caused by the failure of gas to escape from the rumen (stomach) of an animal through normal and regular belching, he explains.

Cattlemen should observe cattle closely for signs of bloat whenever animals are turned in on fresh pastures. There are many and varied causes of bloat and many forms of prevention.

Ranchers should become familiar with preventive measures and first-aid treatments that can be applied until veterinary assistance can be obtained.

Five measures that can help prevent bloat are:

1. Keep good quality hay in portable racks where cattle are grazing. The dry feed encourages belching.

2. Avoid turning cattle in on wet plants the first day after a rain. More water means more fermentation and results in more gas formation.

3. Be sure cattle are not extremely hungry when turned on pastures. Feed them with good quality roughage first.

4. Change onto pastures gradually. Allow access to pastures for increasing time periods until cattle have full access to pasture.

5. Keep salt and minerals available for animals at all times to help prevent bloat through better digestion.

Another measure for bloat control is the use of polozalene where cattle

have had problems on certain pastures. Limited trials conducted by the California Extension Service indicate that frothy bloat in animals was effectively controlled when adequate amounts of polozalene was consumed.

Four first-aid measures that ranchers can practice until veterinary assistance is obtained include:

1. A "gag" can be inserted in the animal's mouth. A stick about the size of a broomstick or shovel handle can be tied crossways in the animal's mouth. This encourages chewing and movements of the tongue to cause belching.

2. Some drenches are recommended but must be used with care to avoid getting liquid in the animal's lungs. Drenches can be obtained from your veterinarian and kept for emergency use.

3. Try to keep animals on their feet and walking.

4. Knead left flank vigorously with fists to force out gas.

of 1965-66. In the spring of 1966 these 60 plants were transplanted to a secluded location for seed increase. Two small harvests of seed were obtained in 1966, planted in individual plant bands in the greenhouse and transplanted to larger fields in 1967. After further seed increase the first experimental plantings for further grazing test and increased seed production were made in 1968.

Seedlings of Renner lovegrass and common weeping lovegrass are similar until about six weeks growth is attained. The blue-green color of Renner lovegrass is compared to bright-green for Ermelo and Common weeping lovegrass then becomes apparent.

grass are reddish-brown. They are much smaller than Ermelo or Common weeping lovegrass with the average of 3,300,000 seed per pound.

Lloyd Hardt will plant 15 acres near Yancey, Harlan Wolff will plant two acres near D'Hanis, Harold Stiegler plans to plant about 5 acres southeast of Hondo and Vernon Grunewald will plant about 30 acres near Yancey.

These plantings will provide a goal test in Medina County for this grass. If anyone wants to try some of this grass then contact the Soil Conservation Service or write to the Texas A&M Research and Extension Center, Box 43, Renner, Texas 75079. Attention: Mr. Berry Simpson.

## New License Plates

AUSTIN -- For all practical purposes, Saturday, March 31, will be the last day to register motor vehicles for 1973, Robert W. Townsley, director of the Motor Vehicle Division of the Texas Highway Department, said today. County Tax Assessor-Collector Alfred Rohrbach announced that the tax office will be open Saturday during regular hours.

Townsley noted that the law set the final registration date as April 1, which this year falls on Sunday when county tax offices are closed.

The 1973 license plates must be displayed on vehicles registered in Texas starting Monday, April 2. So

they must be acquired not later than Saturday, March 31, to avoid penalty.

Townsley said many county tax officers had expressed concern that the pace of registration this year has slowed markedly. "It looks as if a great many vehicle owners are putting registration off to the last minute," he said.

Even though the easy, computerized registration system has speeded the registration process in the last few years, if too many owners wait until the last minute, long waits in long lines at county tax offices and substations seem inevitable.

## C-130's of Alamo Wing

Those lumbering giants often seen flying through South Texas skies are C-130 Hercules aircraft of the 922nd Tactical Airlift Group (AF Reserve). Distinguished by their four propjet engines and camouflage paint, the aircraft are a familiar sight over Jourdanton, Dilley, La Pryor, Kerrville, Junction, Boerne, Fredericksburg and Hondo.

The aircraft are also distinguished by their typically low-level flight paths; the aircrews are practicing the "500-foot contour", a technique in which the C-130 is taken over an established route at 500 feet above the ground following the contour of the earth. The purpose is to train the crews in radar avoidance. Seven different routes

have been established for this training. All of the missions over the routes terminate with an airdrop of personnel or equipment at the Hondo Municipal Airport.

Each aircrew of the 922nd Tactical Airlift Group is required to fly one of these missions at least once each six months.

## Official Highway Travel Map now available to travelers

AUSTIN -- To help nomadic vacationers, as well as other Texas motorists, the Texas Highway Department will begin distribution of one million copies of the 1973 Official Texas Highway Travel Map in incremental stages beginning in late February.

The map is free and is available in limited quantities at the Hondo Chamber of Commerce.

Urban dwellers particularly are hitting the road for traveling vacations and three-day weekends. People in campers, tent trailers and mobile homes are in search of quiet and an unspoiled spot of nature.

Camping vacationers will find this new map a treasure of information for their travels. In addition to helping with route selection, the map has charts that indicate specific distances between various major areas in the State and the location of the 69 State parks.

The State parks listing includes specific information of importance to campers planning a vacation itinerary. The parks are indexed to describe recreational, scenic or historic sites with additional indexing for those parks equipped for overnight stops.

New information available on the 1973 map includes the location of three new lakes. Lake Iowa in Cooke County near the Red River, Lake Conroe between Houston and Huntsville, and Lake Anahuac near the Gulf Coast between Houston and Beaumont, all should be of interest to vacationers.

And, for those travelers attempting to cover many miles in one stretch, the new map pinpoints an additional 26 new safety rest areas and six new comfort stations to offer a welcome reprieve from tedious driving.

Also, 79 miles of new Interstate and 96 miles of new State and U.S. divided highways have been added to the map, making it easier for travelers to plan the most convenient routes.

For instance, IH 10 now is open from the East Texas border in Orange, through Houston and San Antonio into the Hill Country near Kerrville.

The beautiful Texas Hill Country, always a major tourist attraction, is expected to attract a larger share of campers and other travelers as they visit the birthplace and the family cemetery where the late President Lyndon B. Johnson is buried.

The location of the famous LBJ Ranch is highlighted to help those travelers specifically interested in seeing the homestead of the late President.

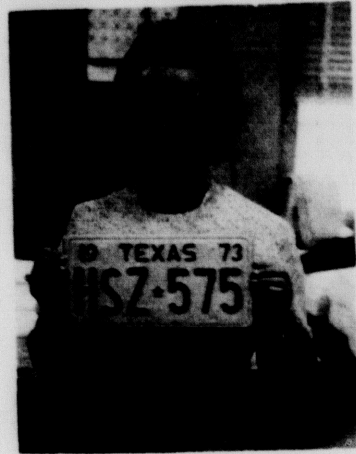

For those tourists interested in going into Mexico, the map also outlines various toll bridges and free crossings. To help those tourists coming into Texas from Mexico there is a handy table for converting kilometers to miles and liters to gallons.

And for those tourists who wish more help in planning their travels in Texas, the map pinpoints the Highway Department's tourist information bureaus and the Judge Roy Bean Visitor Center near Langtry.

Copies of the free map can be obtained at these information bureaus and the visitor center as well as the visitor center located in the State Capitol in Austin.

More conveniently, the maps can be ordered by the use of post cards available at county tax offices during the 1973 motor vehicle registration season.

The map also may be ordered directly by sending name, address and ZIP code to the Texas Highway Department, Travel and Information Division, P.O. Box 5064, Austin, Texas 78763.

## Farm, home safety to be stressed again

The U.S. Department of Agriculture will again place heavy emphasis on farm and home safety for 1973.

In outlining this year's safety campaign under Secretary of Agriculture J. Phil Campbell noted, "By emphasizing a timely safety challenge each month, USDA can make a major contribution toward

reducing the work-related farm accidents that have claimed more than 2,000 farm lives annually in recent years."

Safety emphasis for the year are: March-Safe use of Agricultural Chemicals; April-Farm Tractor Safety; May-Highway and Transport Safety; June-Recreation Safety; July-Danger of Falls; August-

Traffic and Back to School Safety; September-Developing Farm Safety Systems; October-Fire Prevention and Harvest Season Safety; November-Chore-time Safety; December-Home and Holiday Safety.

In a recent study of farm accidents, 66% of the accidents were work-related. The remaining 34% occurred largely during

leisure activities of those involved in the accidents, nearly 86% were members of the farm families with the remaining accidents befalling visitors and farm workers.

Since nearly 1/3 of our farm accidents are the result of falls, we hope to pay particular attention to reducing fall hazards in our 1973 campaign. So, watch your step.

## New book provides answers to many historical questions

What does La Salle's Fort St. Louis look like now? When was Sam Houston defended by Francis Scott Key? How did the Glen Rose dinosaur tracks remain intact for a hundred million years?

These are some of the questions answered by the recently published "Historic Sites of Texas" which is now available at the Hondo Anvil Herald. The author, June R. Welch, is Chairman of the History Department of the

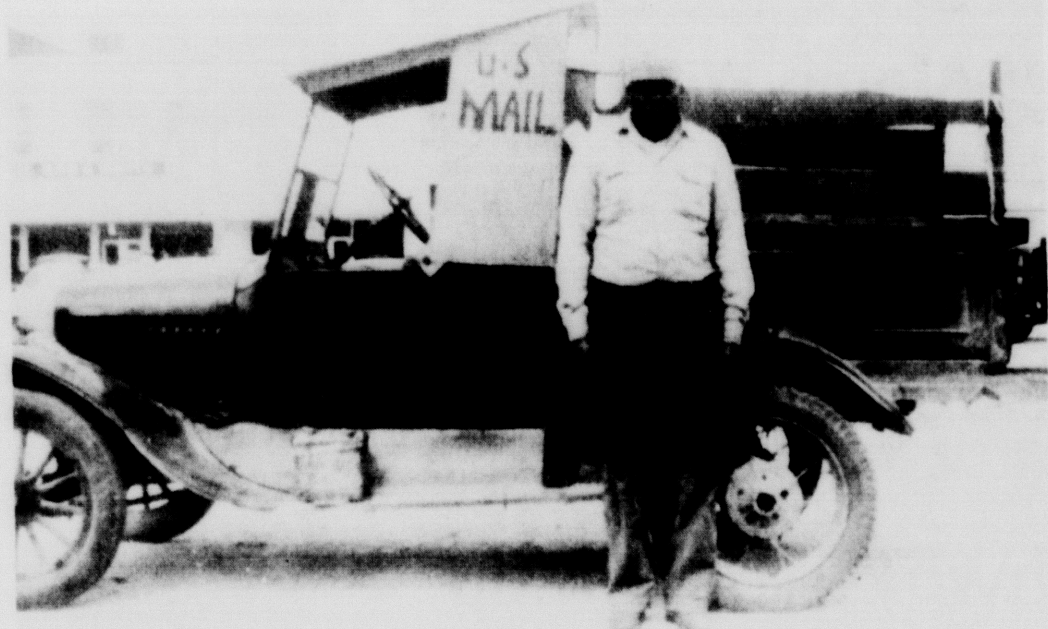

University of Dallas.

"Historic Sites of Texas" contains recent photographs of 72 places of importance in the state's history and accounts of what happened at each of them. The 204-page hard back book sells for \$10.95.

Sites range from the Paluxy Valley where dinosaurs left their tracks 120 million years ago; to the two century old aqueduct (which still works) that Spaniards built to serve Espada mission; to the Monsanto plant where the explosion of the French ship Grandcamp devastated Texas City; and to the Texas theater in Dallas where Lee Harvey Oswald was captured after the death of President John Fitzgerald Kennedy.

Subjects include the surgery done by Cabeza de Vaca four centuries ago, Jean Lafitte's pirate operations at Galveston, Three-Legged Willie Williamson's judicial style, the capture of Cynthia Ann Parker, the death of Sam Bass, and the location in Austin of a presidential library.

As to La Salle's attempt to place a colony in Texas, only a jungle exists at the site in 1972. The dinosaurs which made the tracks were wading in water and walking in a plastic mud. And Sam Houston retained attorney Francis Scott Key after Houston had caned a congressman.

A FAMILIAR SIGHT ... in Hondo for many years was Garfield Thomas riding around town in his old Model-T U. S. Mail truck. Harry Filleman says Garfield, who died several years ago, went to work for the Post Office

"somewhere around 1948, or maybe a little before, while we were still located where Montgomery Ward is now."

## Credit course receives approval

The Credit Bureau Service Center sponsored a Consumer Credit Management Course in Hondo at the Medina Electric Co-op Building on March 13, 14

and 15th. It was co-sponsored by the Hondo National Bank, the Lytle State Bank and the D'Hanis State Bank.

William J. Strickler from the University of Texas Extension Service was the instructor. The attendance included with the same school held in Pearsall was the largest in Texas since Strickler started teaching this course in April 1970.

From comments made everyone seemed to enjoy and benefit from it. The merchants were glad to know that the Credit Bureau and the banks were interested in their problems.

The cooperation of Jean Ulbrich and the use of the Medina Electric Co-op Building was greatly appreciated.

## Medina kin wins in Arizona

Mrs. Tony Haby of Rio Medina reports that her brother, August Hardt, was recently re-elected to the Arizona State Senate.

The Hardts were reared in Hondo and have many relatives living in Medina County.

Senator Hardt's election in November was more

noteworthy because the state had been re-appointed and re-districted recently.

Mrs. Haby said her other brother, Alvin Hardt, has retired and moved to Tennessee. He had been an administrative official of the Central Intelligence Agency in Washington, D.C.

## Mrs. Mangold passes away in Castroville

A lifelong resident of Castroville, Mrs. Annie Mangold, was buried Monday in the St. Louis Cemetery following mass services at 10 a.m.

The 93-year-old native passed away early Saturday at the Castroville hospital. Rosary was at 7 p.m. Sunday with all services under the arrangement of Tondre-Guinn Funeral Home.

Survivors include: three sons, Rudolph, Norvel and Aaron J., all of Castroville; one daughter, Mrs. Zuleta Boehme; four sisters, Mrs. Ida Muenink of Hondo, Mrs. Alice Howard, Mrs. Helda Wermette and Mrs. Lenora Tondre, all of Castroville; one brother, Paul L. Tondre; three grandchildren and 10 great-grandchildren.

## Graduate courses offered

Seventy-nine graduate courses will be offered during the first summer session at The University of Texas at San Antonio.

The classes, the first

ones offered by the new University, will be held in a specially designed classroom building at 4203 Woodcock in the Koger Center at Loop 410 and

Babcock Road. A tentative course scheduled may be obtained by writing Director of Admissions, UTSA, 4242 Piedras Drive East, Suite 250, San Antonio, Texas, 78284, or calling 732-2141, ext. 281.

Degree programs are offered in business, curriculum and instruction, early childhood and elementary education, educational management, Hispanic culture, Hispanic literatures, Spanish language and mathematics and systems design.

Additional courses will be available in anthropology, art, bicultural-bilingual studies, biological science, English, English as a second language, environmental management, history, physical science and sociology.

The first summer session is June 5 through July 13. Registration is June 4.

### Gary Aircraft Reviews past year's Achievements

Mr. A. W. Stewart, president and owner of Gary Aircraft Corporation, announces the following accomplishments at Gary's facilities at the Hondo Municipal Airport in the past year:

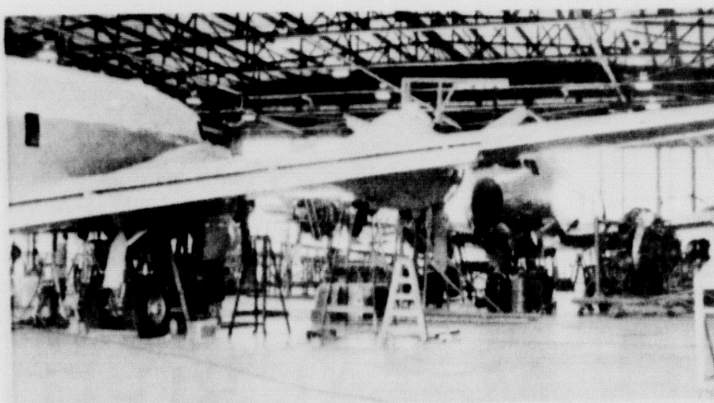

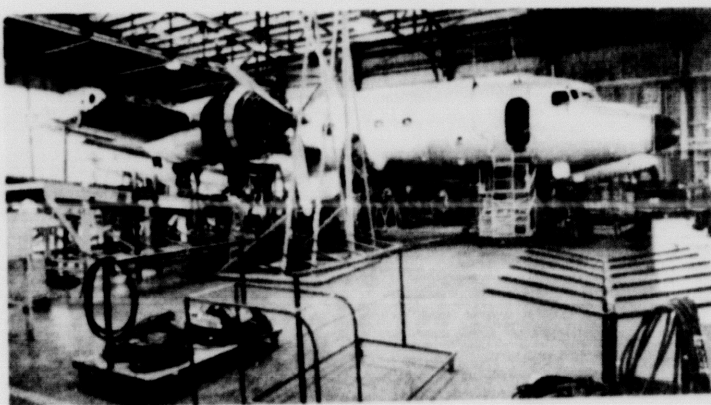

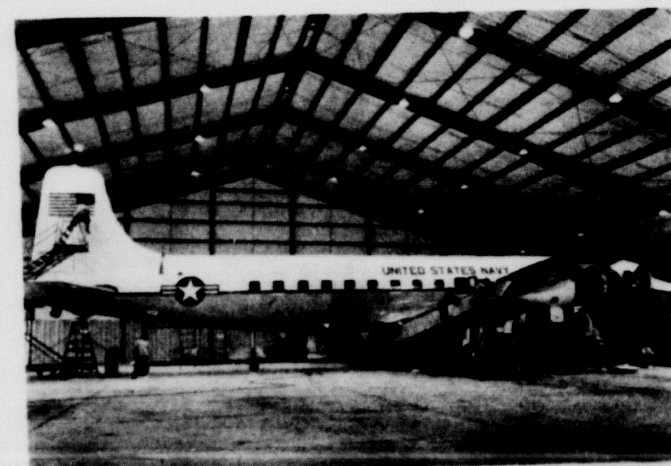

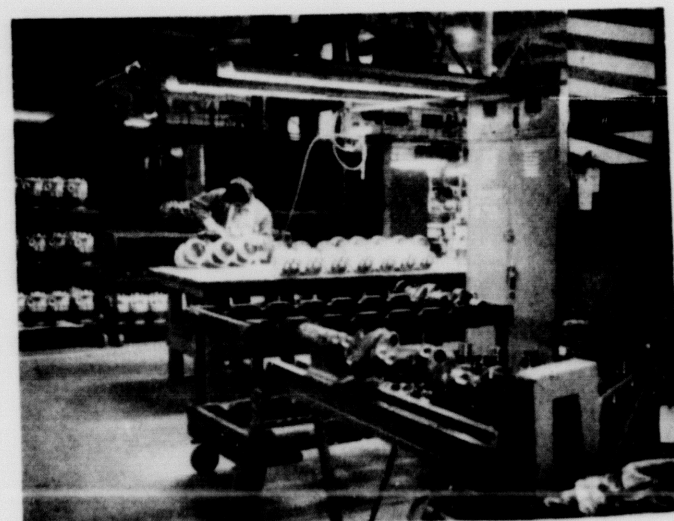

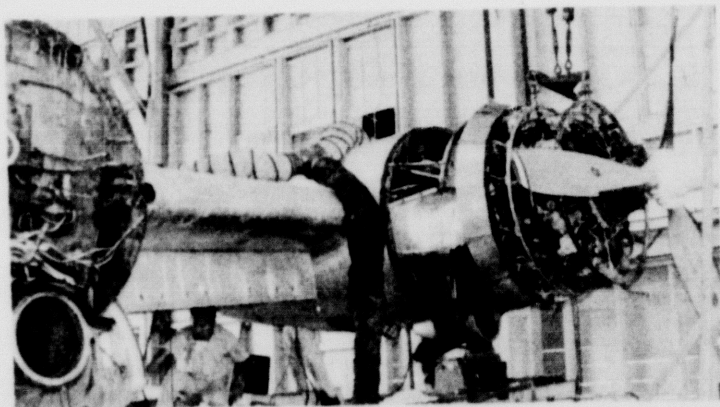

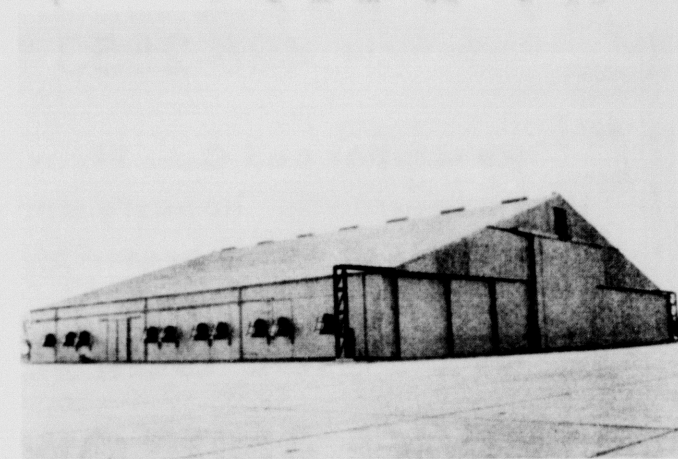

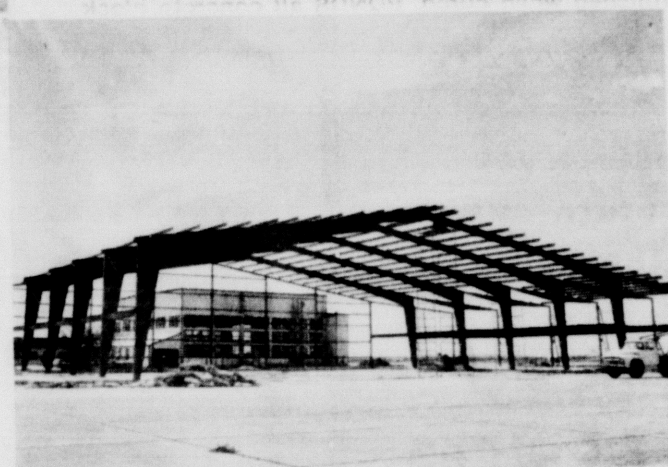

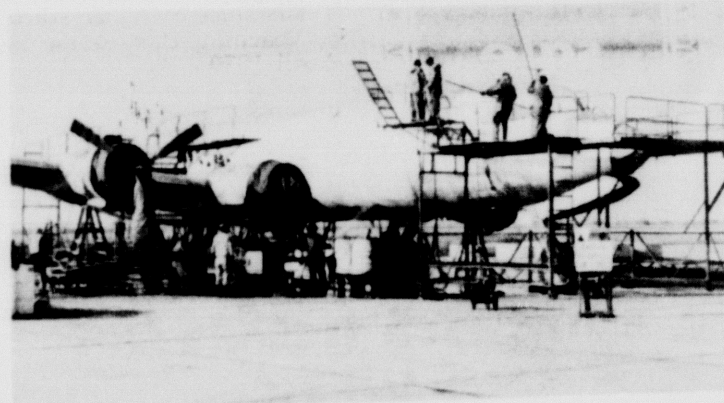

[A] Completion of the controlled environment air conditioned hangar at an investment of approximately \$225,000. The hangar is large enough to house almost any military type aircraft and also such commercial aircraft as Boeing's 737, 727, and 707, and the Douglas DC-8 and DC-9 jetliners.

The hangar is equipped with explosion proof lighting, heating, cooling, and humidity controlling equipment.

[B] Also during the past year, Gary's aircraft program has expanded to include the overhaul of the Douglas C118 cargo transports for the U.S. Navy.

[C] Gary has also installed and equipped a complete accessory overhaul shop, which has been certified by the Federal Aviation Agency.

[D] Construction has begun recently on a hangar and office facility for use of the U. S. Air Force in training pilots. This hangar will be used to house the T-41 aircraft, which is the military version of the Cessna 172. Approximately 70 of these aircraft will be located at Hondo.

## D'Hanis Cardinals open play Sunday

The D'Hanis Cardinals will open their Hill Country League baseball season Sunday, April 1, at 3 p.m. against the Fredericksburg Cubs. The

game, to be played at the D'Hanis High School stadium, will be the season opener for both clubs.

The two teams are among six in the league and league play will continue on Sundays through July 8 including a July 4 All-Star game.

The Medina Valley 90's will host Kerrville Sunday at the old St. Louis Park in Castroville on Old Highway 90.

### Wrestling benefits Bike Club

The Hondo PD Bicycle Club, still in the formative stages, will benefit from the Friday night wrestling match slated for the National Guard Armory.

City Patrolman Arnold Guajardo and Bill Green are organizers of the club which will be open to everyone. Purpose of the club is two-fold-to stress bicycle safety and to provide group fun in riding outings.

Wrestling Friday night will feature The Golden Gladiator vs Kurt Rathke, the 300-pound German Giant. There also is a tag team scheduled. Admission is \$2.50 for ringside, \$2 general admission and \$1 for the youngsters.

Ten percent of the gate and all the concessions will go to the Hondo PD Bicycle Club fund.

### Ladies golf meet set

The Hondo Women's Golf Association is sponsoring a Guys & Dolls Tournament on April 15, 1973. Entries for this annual event may be mailed to Ardyce Vincent, 1152 26th St., Hondo.

Winners in the blind partner tournament on ladies day were Inez Short and LaVerne Taylor of Utopia. A covered dish meal was enjoyed by tournament participants and guests.

### AAU Boxing is Monday

The South Texas AAU Boxing tournament will be held April 2-3 and 5-6 at the Municipal Auditorium, San Antonio. Starting time will be at 7 p.m. each session.

Fighters from area cities including Hondo are scheduled to participate in the meet. Fighters will be divided into Open, Novice and Pee Wee divisions. The Pee Wee division will be split into age brackets and fighters will compete in an age bracket by weight.

Novice and Open divisions will have eleven weights with the 95-104 weight being added. Age for those divisions is 16 years and up.

**NO NEW TAXES**... Governor Dolph Briscoe tells the members of the Texas and Southwest Cattle Raisers Association that his budget for the

1974-75 biennium defines state priorities, "with emphasis on human needs rather than bricks and mortar" while holding the line against new taxes.

"We must do everything in our power to prevent a situation from developing which would touch off a new spiral of taxation," he said.

Now this is the kind of letter we love to receive and comply with the wishes.

"Dear Lil:

"A 12 year old nephew in Jackson, Tenn. (he is Robert "Hondo" Matthews) called me asking for any information about 'the southern states'. He was born in Hondo (likes to be called Hondo) and is very Texas minded. And he has some kind of school report to make.

"If you have any brochures from this list... (omitted)... please send them to him.

"You are doing a super job of your new responsibilities-not new, perhaps, but more of the same? I'm keeping up with you through your weekly reports in the Anvil Herald-more power to you!

Love, Sis McDade"

Enjoyed some additional correspondence with Southern Living Magazine. And also sent letters to Steve Huston, Exxon Co. in Houston; Pierre Hjarberg, New Orleans Chamber of Commerce; Cal Newton, Uvalde Chamber of Commerce and John Farley of D'Hanis.

New brochures just received: Sailing on Town Lake, Rental and Free Sailing Instructions, both from Austin; Kentucky Highway maps; Isle Royal National Park in Michigan; Olympic National Park in Washington and more on Big Bend National Park.

Mrs. Hattie Laughinghouse phoned to ask for post cards for Frank Stiegler of Liberty, Missouri. He travels the United States and leaves our cards from coast-to-coast. Thank you Hattie and Frank.

The Hondo Garden Club has a new book in the Garden Club Library here at the Chamber office. It is "The Garden Book" and was given to the Library by Mrs. Margaret Haegeling.

Now some of the things we have engaged in during the past week:

Student requests 2, Salvation Army calls and bills 5, job applications and referrals 27, Social Security 2, job orders 5, clubs and organizations information 2.

Also, housing inquiries 10, deer leases mailed out 122 leases in 61 letters and mailed Museum circular in each letter, telephone number requests 4, requests for deer leases 8, local requests for Museum Day circulars 3, long distance requests for Museum circulars 1, TEC call-in cards 14, TEC phone calls 32, other information requests 22.

## Golfers take 2nd at Carrizo; will advance to Regional

The Hondo Owls took second place in the District Golf meet held Monday at Carrizo Springs. The Owl golfers will advance to Regional playoffs at Alice to be held April 12 and 13.

It was quite a feat for the first Hondo golf team ever and they missed a tie for the trophy by a single stroke to Medina Valley. The Orangemen won the tourney with a 340 total derived from adding the scores of the top four players on the five-man teams. Hondo's second place total was 341 strokes and Devine finished third at 360.

Medalist and runner-up at the meet were two Medina Valley men, Kevin Yanity and Glynn Tschirhart. Yanity's 80 for 18 holes was best in the meet and Tschirhart carded an 81.

Best score turned in for the Owls was Wayne Westbrook's 83, followed by Mark Graff with 84 strokes, Brian Finger with 85, Randall Hare with 89 and Jim Leverett with 92. Last Friday's practice

meet, scheduled to be played at Woodlake Golf Course in San Antonio, was canceled because of unfavorable weather.

But the Owls entered an

impromptu three-way contest with South San and Southwest High Schools at Willow Springs Golf Course and the Owls won that meet handily. Finish-

ing with a 337-stroke total, Hondo easily defeated the other two, who tied at 383 apiece.

Coach of the golf team this year is Terry Tilley.

## District baseball play opens here tonight

Tonight at 7:30 p.m. the Owls will open their 1973 District 28-AA baseball title chase against the Devine Warhorses in Hondo. This evening's game will be followed by a Saturday non-district double-header here with Uvalde then another district game Tuesday night in Carrizo Springs.

Bad weather caused the cancellation of a game Saturday with the Uvalde Coyotes and also forced a Monday night makeup game for a Friday rainout at Poteet.

Last week's Anvil Herald had Hondo winning over Bandera 7-3, with "Muniz" the losing pitcher for the Bandera team. "Muniz", of course, is in reality Tony Muniz of Hondo, and he relieved Jim Prescott in that game for the Owls. The actual score was 7-1.

Last Wednesday evening the Owls were in Fredericksburg against the Billies. Fredericksburg

took a quick 7-2 lead in the second inning after a 5-run rally in the second inning off starter Gordie Bohmfalk. They added two more in the fifth, on a walk, sacrifice, then back-to-back triples by Dulak and Neffendorf. But the Owls had plans for Fredericksburg.

In the top of the sixth Hondo added seven runs of their own as Semmler, relieving starter Hartman, walked three Owls, then gave up singles to Gene McAnelly (twice), Raul Dominguez and Jeff Hilsher, and a triple to Kenny Weynand.

The Owls added two runs to pad their slim lead in the seventh, thanks to singles by Henry Walch, Bobby Cox and Simon Arcos and a Keith Ligon walk.

Winning pitcher in the game was Spears for Hondo and the loser was Semmler.

In a Monday night makeup game against Poteet, the Owls' starter Jim Prescott ran into control problems walking seven men in three innings and the Owls lost 6-2.

Hondo could gather only two runs both in the second inning as Hilsher and David Knowles both

walked by Poteet hurler Sanchez, scored for Hondo. Hilsher scored on an error on the catcher and Knowles came around on an error.

Hondo players had four hits in the contest including singles by Dominguez, Cox and Walch, and a double by Bohmfalk. Hondo pitchers Prescott and Bohmfalk gave up only five Poteet hits in the game.

The Owls found Poteet still untouchable Tuesday night as they dropped the game, played in Hondo, 6-5.

Owl errors proved costly in the contest as Poteet scored four runs in the third inning off three Hondo errors. Three more errors in the sixth gave the Aggies their final two runs. Hondo lefthander Tony Muniz took the loss. Muniz went the distance for the Owls, and gave up no earned runs in the contest.

The Owls scored five runs on six scattered hits. A seventh inning rally fell just short of the mark as winning pitcher Goins of Poteet struck out Ernie Dominguez to end the Hondo threat and the game.

## Eagles open Hill Country play

The Hill Country League Baseball Association will open formal league play Sunday with three area teams involved in the opening date. The league includes teams from Hondo, D'Hanis, Castroville, Fredericksburg,

Boerne, New Braunfels and Kerrville.

The Hondo Eagles warmed up for their Hill Country debut against New Braunfels by trouncing the Pearsall Tigers 4-1 last Sunday afternoon at the Hondo Senior League Park on the Airbase.

The Eagle threesome of Ricky Powell, Johnny Abrego and Rusty Beard combined to tame the Tigers limiting them to four singles.

Johnny Miranda, an All-Star centerfielder for the Eagles, displayed his batting ability with three hits, one a towering homer over the right field fence. Abrego, Blackshear and Powell picked up two hits apiece to lead the Eagle 13-hit attack.

The Eagles will meet the Lions of New Braunfels at 3 p.m. Sunday at the Senior League Park.

## Owls meet stiff opposition at Uvalde— Trackmen go to Dilley as District meet looms

The Hondo Owls found very little room at the top of Division I in Saturday's Uvalde Invitational Track and Field Meet won by Del Rio with 127 points. Pulling in at second place was Kerrville Tivy at 115 points and in third place was host Uvalde with 108.

The vaunted Devine Warhorses could manage only a distant fourth, 48 points behind Uvalde at 60. Theirs was the highest total by a 2-A school, however, and they easily outdistanced Dilley's 46 points. Next in the order were East Central of San Antonio with 36 points, Hondo with 24, Medina Valley with 20 and Southwest with 10.

In Division II, D'Hanis distance runner Albert Rodriguez captured first place in the mile run at 4:45.8. That was the lone bright spot for the Cowboys though. Jourdan took the division by two points over Fredericksburg St. Mary's, 96-94.

In Division III Uvalde's Junior Varsity managed an easy win over Southwest 140-108 and one-fifth. Outstanding individual efforts by the Owls included Keith Ligon's second place in the Discus, a throw of 146' 4". Ligon also took sixth place in the shotput with a heave of 45' 9 1/4".

The Owl 440-relay team tied Tivy for fourth in that event. Both teams had identical 45.1 times.

Hurdler Eddie Pope could manage only fifth place in the 120-yard high hurdles with a 15.6 time. Gene McAnelly finished fifth in the 100-yard dash at 10.6, and in the 220-yard dash he finished sixth behind Bobby Cox, also of the Owls, who took fifth place. Benito Pina of the Owls finished fourth in the mile run to round out the Hondo honors in the meet.

Friday the Dilley Track Meet will see the Owls in

their last preparatory meet before the district meet on Friday, April 6, at Pearsall.

Team Points -- Del Rio 127, Tivy 115, Uvalde 108, Devine 48, Kerrville 36, East Central 34, Hondo 24, Medina Valley 20, Southwest 10.

## New pharmacist in Hondo

**BILL BUTLER**

A new face behind the prescription counter at Dan's Drug is Bill Butler of Crane, Texas. Butler will assume pharmacist and managerial duties at the drug store, eventually to replace owner Dan Conoly, who has been running the store full time. Bill comes to Hondo from Corpus Christi where he spent two years in another Conoly-owned store. A 1969 graduate with a Bachelor of Science degree in Pharmacy from the University of Houston, Bill worked two years in his native West Texas. He is a graduate of Crane High School and attended Abilene Christian College one year. He and his wife, Linda, have a two-year old son, Rhett. They attend the Church of Christ. Butler takes an active interest in maintaining and improving his knowledge of pharmacy through membership in the American and Texas Pharmaceutical Associations. In addition, he is a member of the Kappa Psi professional pharmacist's fraternity. At the University of Houston he served as president of the student pharmaceutical association on campus and was treasurer of the pharmacy fraternity there. During his off hours, Bill is an outdoorsman who really enjoys hunting and especially varmint calling. Linda enjoys painting as a hobby. The Butlers will make Hondo their permanent home. They live at 2807 Avenue L.
